

# La Bailloterie CAMPING

## Recycling Policy

All persons using the site are expected to be aware of the following policy:-

### Introduction

1. At La Bailloterie Camping, we are committed to reducing our impact on the environment. The natural beauty of our surroundings has provided us with so much, and we believe it is our responsibility to preserve it for future generations. As part of our dedication to environmental sustainability, we have established this Recycling Policy to promote responsible waste management and recycling practices within our campsite.

### Aims

1. To minimise the amount of waste sent to landfill.
2. To encourage campers and visitors to actively participate in recycling efforts.
3. To reduce our carbon footprint and conserve natural resources.
4. To maintain the cleanliness and beauty of our campsite.
5. To contribute to the overall well-being of the local environment and community.

### Recycling Guidelines for Private and Glamping Campers

1. Upon check-in, private campers and motorhomers are expected to collect food waste, clear paper & cardboard bags from the reception as well as blue plastic bags. Each glamping unit at La Bailloterie Camping will be provided with the following bins:
  - **Small Mesh Bin:** With a white bag for non-recyclable items.
  - **Small Grey Bin:** For food waste bags (no packaging).
  - **Large Bin with Blue Lid:** For blue plastic recycling bags.
  - **Large Bin with Green Lid:** For clear paper and cardboard recycling bags.
2. Campers are expected to use these bins accordingly. If the bins become full, campers should responsibly dispose of the waste in designated bins located in the car park area and obtain replacement bags from the reception.

### Recycling Guidelines for Communal Wash-Up Area

1. In our wash-up area, we promote recycling and responsible waste management with the following provisions:
  - **Small Grey Bin:** Each sink has its own food waste bin.
  - **Large Bin with Blue Lid:** For blue bags containing recyclable materials.
  - **Large Bin with Green Lid:** For clear paper and cardboard recycling bags.
  - **Pedal Bin:** For non-recyclable waste.

## **Additional Recycling Information**

1. Empty gas containers can be left next to the bins for collection.
2. Broken furniture or unwanted items should be taken home or delivered to the local recycling centre at Longue Hogue.

## **Special Rubbish Disposal**

1. Dog waste and nappies should be placed directly in the non-recyclable waste bin in the car park or in the designated baby waste bin in the disabled toilets.

## **Regular Rubbish Collection**

1. The car park bins are emptied regularly to ensure proper waste disposal.
2. During peak times during the season, they will be emptied more regularly and less regularly in low season.
3. The non-recyclable waste bin in the car park will be locked to deter the disposal of large black bins, promoting responsible waste management.

**By adhering to this Recycling Policy, we can collectively reduce our environmental impact and preserve the natural beauty of La Bailloterie Camping. Your cooperation is greatly appreciated, and together, we can make a positive difference for the environment and our community.**

**For any questions or clarifications regarding this policy, please contact us at [info@campinginguernsey.com](mailto:info@campinginguernsey.com) or call +44 (0)1481 243636.**
